## **TITANIUM OXY CHLORIDE**

### **SPECIFICATIONS OF PRODUCT:**

| S.NO | TESTS                                                                    | STANDARDS     |
|------|--------------------------------------------------------------------------|---------------|
| 1.   | Appearance                                                               | Clear Liquid  |
| 2.   | Titanium Dioxide Content in Oxy Chloride Solution (Tio <sub>2</sub> w/w) | 18% - 20%     |
| 3.   | Acidity as HCL (w/w)                                                     | 30% - 40%     |
| 4.   | Specific Gravity                                                         | 1.380 - 1.410 |
| 5.   | Iron as Fe                                                               | Max 5 ppm     |
| 6    | Organic Matter                                                           | Max 20 ppm    |

### **SPECIFICATION OF DRUM PACKING:**

CAPACITY : 280-290KG  
MATERIAL : HDPE Barrels  
DRUM TARE WT. : 9.5 KGs  
DRUM COLOUR : BLUE
